

**Spring &
Summer
2022**

cabaia.com

Welcome

Cabaia is a **French and joyful brand** making colorful accessories, all designed ingeniously to free you from the daily grind. Cabaia is also a **committed and ethical brand**, making eco-friendly and vegan products from environmentally responsible materials in BSCI audited factories.

Originally known for our beanie hats with their interchangeable bobbles, we also developed a wide range of accessories. Of course, they are always coming with the little extra hack by Cabaia!

Our mission? Make your daily life easier and allow everyone to celebrate their differences with our ingenuity.

INFO & CO-BRANDING 106

AGENTS & DISTRIBUTORS 107

Ethics

Our ethical values

From factories to final customers, we want all the people involved with us to be fairly treated so we don't rely on local legislation. We take concrete actions to ensure the well-being of our workers.

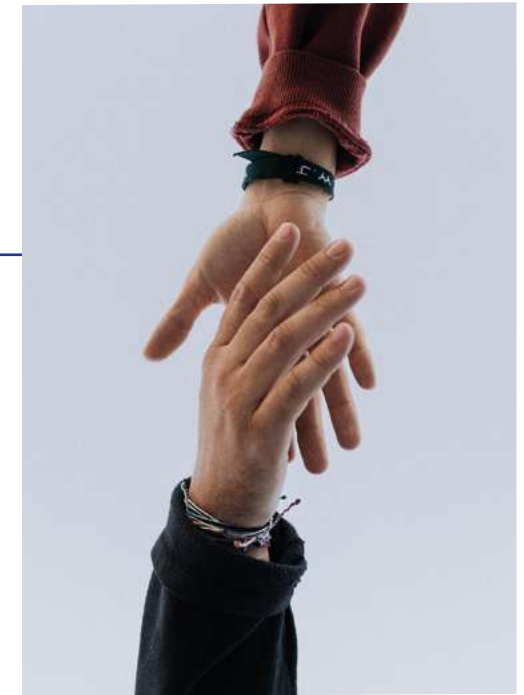

BSCI or SMETA **certification**

All our factories are certified by one of these two labels. Issued after external audits, they guarantee international ethical compliance and ensure that working conditions are optimal for all employees.

Cabaia Code **of Conduct**

The Cabaia team spends much time in the field to ensure that basic rules are respected and improved: workers safety, a salary that allows workers to live with their families, the right to form a union...We have gathered these requirements in our code of conduct, which is the main guideline in our relationship with all our suppliers (available on our website).

Complete knowledge **of the supply chain**

Did you know? Social and environmental problems rarely occur among direct suppliers. But problems can arise when they subcontract to smaller plants. Therefore, at Cabaia, we prohibit subcontracting to companies that do not match our code of conduct, and that do not meet our social and environmental criteria.

Environment

Our environmental commitment

Today, we hear a lot about green and vegan materials, but no solution is really defined as better than another one. Therefore, we always explain our choices and our current thinking.

No Plastic

Since 2020, Cabaña has banned the use of disposable plastic in its products. We replaced it by kraft or corn starch in our packaging.

Certified recycled materials

Recycled materials are still quite a new thing in textiles and are poorly organized, leading to a lot of "false" recycled materials. At Cabaña, we make sure to use GRS (Global Recycled Materials) certified materials, and we practice upcycling on different product lines. Each City and Old School backpacks are made from 28,5 recycled water bottles.

Carbon measure & offset

CO2 impact on our planet can not be ignored anymore. At Cabaña, by making products and working at the office we produce CO2, even though we try to produce as little as possible. To be sure our work has no impact, we measure and offset our carbon emissions through green projects like regenerative agriculture or reforestation.

Vegan and proud

We want everyone involved with Cabaña to be fairly treated and we want the same for animals. 98% of our products are certified by EVE Vegan and the remaining 2% are made from wool with the label WOOLMARK, which is the most protective and famous label in the world regarding wool. All our products are cruelty-free.

Eco from top to bottom

Environment concerns all our value chains, so we work with our suppliers to reduce their impact and we work with our retailers on some green tips which are easy to set up to improve their impact. Find it on our blog, in our email signature, and on the reseller page of our website.

Backpacks & accessories

Since 2018, Cabaia offers a new concept named *Around the World in 80 bags*: collections of urban, design, ingenious, colorful, and extremely practical backpacks. The only travel companion designed for urban life but also for week-end getaways. Each bag is named after a city and each pocket after a historic monument. The bags come with two interchangeable pockets that are attached with the MOLLE system.

**GOOD JOB,
ALREADY HALF
OF IT!**

**YOU DESERVE
A REFRESHING
BREAK!**

Water bottle

Our brand-new concept! Launched in 2021, our water bottle was thought to make your day fresher. The idea was born when Lorraine our head of product prepared to go on a hike for the weekend and found out her reusable water bottle had mold inside. She scrubs it in every way possible but there was always some mold remaining. That's when she had THE idea, a water bottle you can fully open to clean. **DRINK, OPEN, CLEAN, REPEAT.**

Water bottle

COMPOSITION : Body: 100% stainless steel
Cap: 100% natural bamboo / Joints: 100% silicone

Concept

INSULATED DOUBLE-WALLED
keeps your drink hot for 24h and cold for 48h.

BPA-FREE
Our bottles are certified BPA Free.

OPEN CLEAN
Our ingenious system to open and fully clean your bottle.

SOFT PAD
A silicon ring under the bottle to avoid the metallic noise.

LEAK-FREE
Double joint system and micrometer machining for leak-free bottles.

RECYCLED
60% of our bottles is made from recycled stainless steel.

BAMBOO CAPS
Made from 100% natural Bamboo.

VEGAN-CERTIFIED
Cruelty-free.

Socks dance

We thought the best way to make you smile in the morning was to create unlosable socks. They are graphic, colored, sober, soft, fun, stuffed but most of all, they are magic! With their little button, our socks are impossible to lose. On top of that, their cotton is made from organic threads.

Socks > concept

NEVER UNPAIR YOUR SOCKS
Tie your socks together
with a wood button !

ORGANIC COMBED COTTON
Cotton made from organic threads.
The best for your feet.

VEGAN
Our socks are EVE-Vegan certified.

REINFORCED TOES
for comfortable and long-lasting socks.

NO CHEMICAL
OEKO-TEX 100% certified.

LARGE SIZE RANG
25/30 EU, 31/35 EU, 36/41 EU, 41/46 EU.

A man and a woman are relaxing on beach towels against a bright yellow background. The woman, on the left, is sitting on a round towel with an orange and white floral pattern. She is wearing a yellow bikini top and sunglasses, with her mouth open in a joyful expression and her hand shielding her eyes. The man, on the right, is lying on a rectangular towel with a blue, white, and black geometric pattern. He is wearing yellow swim trunks and has sunglasses on his head, pointing towards the right with a smile. In the background, there are large, colorful inflatable rings in shades of orange, pink, and green.

The beach towel hut

After the iconic *beanie bar* that keeps you warm in winter, Cabaña now also takes you through the summer with its collection of **round and rectangular beach towels**, designed to make your daily life easier with their **original features**.
